

Dawn Fraser Collage Testimonial

When Goulburn Rugby Club was initially contacted by Dawn and Tim, we could not believe it; we actually thought that it was friends playing a prank on us. Then we received the email from Dawn with pictures of the collages, and we were completely blown away!

We have been holding our annual Rugby Fundraiser Ball for 5 years and the 2 collages were by far the best items that we have ever had to auction!!

When Tim delivered the collages to us, our Club President was so excited that he actually dropped one of the collages, lucky for us, they were very strong and resilient and no damage was done. The 2 collages were beautifully presented and the contents were amazing!

Word travelled quick around town that we had the collages and the Ball once again was a sell out with a waiting list of people for tickets.

On the night of the Ball, the 2 collages fascinated the crowd of over 400 guests more than any other item there, and we kept the best till last!!

The first collage sold for \$4200. The second collage started a bidding war, and finally fetched \$5100!

The total of both collages was \$9300. Both collages contributed in making the 2007 Goulburn Rugby Ball the most successful yet!!

A HUGE thanks to Dawn and Tim for assisting us in raising much needed funds. The funds raised will go towards the improvement of facilities and grounds (hard during the drought).

Overall it was exhilarating for a small country rugby club like ours to have this opportunity to auction items donated by a living Australian Legend and Icon!!

Dawn, You are a legend!!!
